Washington Teachers’ Union

Amplifying the Voice of DC Teachers

Dear DCPS Educator,

I urge you to read this booklet carefully. It describes the dental and vision medical benefits available to DCPS educators, fully paid for by the employer. We have these benefits because the members of the Washington Teachers’ Union stood together and won them.

Before we organized into a union, DC teachers had virtually no benefits at all, and no rights. With a union, we won a contract that guarantees benefits, protects our rights and lays out the ground rules for how administrators and teachers relate to each other.

However, over the years we’ve realized that just because we won a victory yesterday, doesn’t mean that tomorrow we can’t lose what we won. We have seen that in order to protect and improve our rights and benefits, we must constantly work to maintain and strengthen our unity.

We are all dedicated to providing our students with educational opportunities they need to succeed, and we know that we have a long way to go to meet that goal. However, without unity we will have no voice in developing the plans and programs that we as professionals know our students need. For example, we know that the current teacher evaluation system, IMPACT, has become a barrier to ensuring that DCPS students receive educational opportunities that serve them best. With unity, we can repair or replace IMPACT. Without unity, there is no chance that this will happen.

If you are not already active in the WTU, become active. Check out our website at www.wtulocal6.org. Run for office at a building or city-wide level. Come to the WTU Representative Assemblies every second Tuesday during the school year. Join one of our many taskforces and committees.

As I said, please read this booklet carefully so that you understand the dental and vision benefits to which you are entitled, but remember that we must actively work to keep them.

For more information about benefits, please contact Valerie Kilby at 202-517-0728 or vkilby@wtulocal6.net.

It is my honor to serve you as president. Together we can maintain and strengthen our union for many years to come. Feel free to call me to share your ideas and insights or to learn more about our union. You can contact me at 202-957-3119 or elizabeth.davis@gmail.com.

In Solidarity,

Elizabeth A. Davis,
President

A. WHAT YOU NEED TO KNOW

BENEFITS ARE EFFECTIVE: OCTOBER 1, 2019
Benefits plans are designed to offer you and your family comprehensive coverage for your dental and vision needs.

DENTAL PLAN COSTS
As part of the negotiated contract between the Washington Teachers’ Union (WTU) and the District of Columbia Public Schools, you have no payroll deduction for dental and vision insurance coverage.

The cost indicated on your paystub under “Employer Paid Benefits” simply demonstrates that your employer is paying 100% of the cost for your dental and vision premium.

NOTE: Dental and vision coverage is separate from your self-selected and self-paid medical coverage managed in PeopleSoft.

WTU ELECTIONS AND ENROLLMENT
If you are making changes or if you are a new hire, WTU electronic enrollment is mandatory.

If you are currently enrolled follow the instructions listed on page 16, to complete your online enrollment.

Current enrollees must also: update contact information, verify date of birth and social security number. Confirming this data will prevent claim issues when using provider services.

If you fail to complete electronic enrollment by August 30, 2019, the In-Network Only Dental Plan will be selected for you by the WTU.

You will not be able to change plans or coverage until Open Season next year, unless you have a life status change, such as marriage divorce, newborn, adoption or death.

DEPENDENT ELIGIBILITY REQUIREMENTS
If you choose to include a spouse or one or more children in your coverage, you need to provide social security number(s), date(s)-of-birth and proper documentation (as required), to the WTU no later than August 30, 2019. Without this information your dependents will not have coverage. (See Page 7 to learn what documentation is required)

CONFIRMATION STATEMENTS
Confirmation statements detailing your benefit elections are sent via email to the email address provided during enrollment. In addition, you will be able to view your benefits on the WTU website throughout the year, using your login name and password.

IMPORTANT REMINDER ABOUT YOUR DCPS PEOPLESOFT ACCOUNT

If you have dependents you would like to add to your union dental and vision plan – Make sure your DCPS PeopleSoft account (the program you use to enroll into your DCPS health insurance plan) shows Self and Family coverage.

If those dependents are not listed in your PeopleSoft account, they will not receive dental and vision coverage for the year 2019 - 2020
C.1 DENTAL PLAN SUMMARY

You have a choice between two dental plans, the comprehensive In-Network Only or PPO Plan.

There are no payroll deductions for either plan, no matter whether you opt for Single or Family Coverage. If you have dependents you would like to add to your union dental and vision plan –

Make sure your DCPS PeopleSoft account (the program you use to enroll into your DCPS health insurance plan; shows Self and Family coverage. If those dependents are not listed in your PeopleSoft account, they will not receive dental and vision coverage for the year 2019 - 2020

IN-NETWORK ONLY PLAN

This is our most popular plan as it offers comprehensive coverage and little to no out-of-pocket costs to you. Your out-of-pocket cost will be less than the traditional Dental PPO plan. Members of this plan have access to more than 2000 regional providers and more than 180,000 national providers. You must receive services from In-Network providers to receive coverage for procedures. There are no Out-of-Network benefits with this plan. This plan has a larger annual maximum and has no deductibles. You will pay less out of your pocket with this plan.

PPO PLAN

This plan gives you access to a vast national network of PPO providers. Members of this plan have the flexibility of receiving coverage for both In-Network and Out-of-Network providers, but there is a co-pay, a deductible and less coverage. This plan will pay Out-of-Network benefits that are deemed Reasonable and Customary (R&C). Any over what is reasonable and customary will be your responsibility.

* Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment on which the plan benefit is based, you will be responsible for the difference between the fee for service rendered and the fee covered by the plan. In addition, a pre-treatment estimate is recommended for any service estimated to cost over $500; please consult your dentist. ** The network enrollee copay will be the lesser of the copay shown above and the discounted fee negotiated with the provider. In accordance with the Illinois state requirement, a partner in a Civil Union is included in the definition of Dependent. For a complete description of Dependent Coverage, please refer to your Certificate of Coverage. The Preventative Dental Care (not available in Wi) and Oral Cancer Screening programs are covered under this plan. The material contained in the above table is for informational purposes only and is not an offer of coverage. Please note that the above provides only a brief, general description of coverage and does not constitute a contract. For a complete listing of your coverage, including exclusions and limitations relating to your coverage, please refer to your Certificate of Coverage or contact your benefits administrator. If differences exist between this Summary Benefits and your Certificate of Coverage/benefits administrator, the Certificate/benefits administrator will govern. All terms and conditions of coverage are subject to applicable state and federal laws. State mandates regarding benefit levels and age limitations may supersede plan design features.
